

LCTC FFA

Chapter Officers

- **President-** Nathan Porter
- **Vice President-** Kevin Burns
- **Secretary-** Katie Goldsberry
- **Treasurer-** Bri Steele
- **Reporter-** Mac Moore
- **Sentinel-** Garrett Golliher
- **Historian-** Lora Hooper
- **Chaplain-** Jesse Burns
- **Parliamentarian-** Lincoln McGuire
- **Jr. Officers**
 - Alanna Dougan
 - Shannon Rhoades
 - A.J. Camarillo
 - Tristen Lawson

Leadership

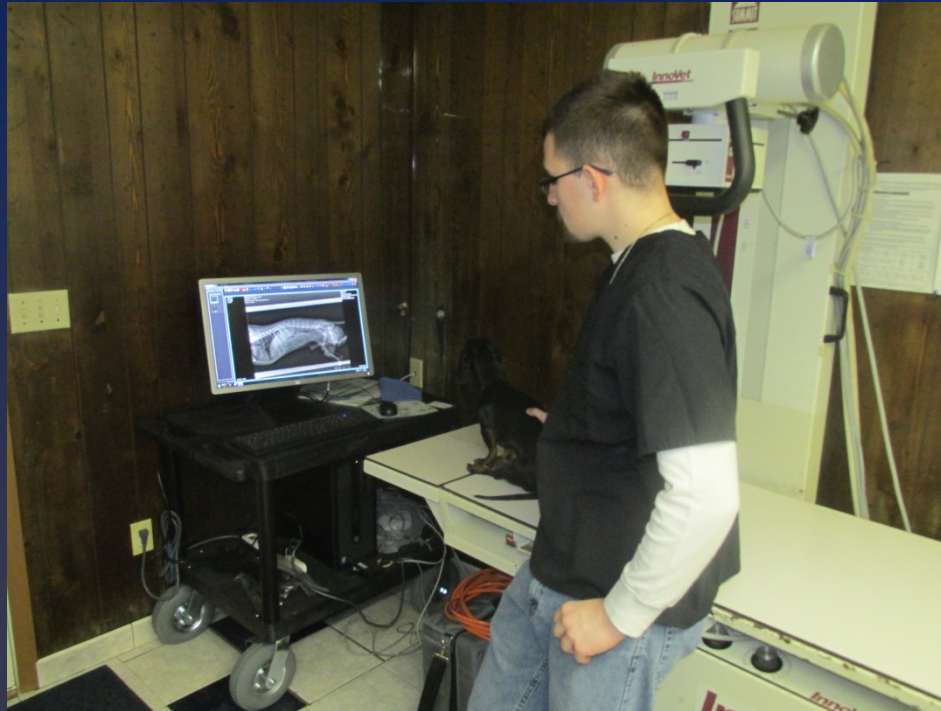

One of the many ways our Agriculture program has helped us is by improving our leadership skills, which creates a stronger chapter.

Real-World Skills

Through the opportunities given to us by the LCTC and the Agriculture department, we as students are able to practice real-world skills that are used in the work place.

Supervised Agriculture Experience (SAE)

Each student chooses an SAE that interests them and that they believe will provide them with the knowledge and experience that will help them to succeed in a career of their choice.

Community Service

Not only does the FFA do things for our own benefit, but we also perform a lot of volunteer work, as well as community service.

Teamwork

FFA teaches students the skills necessary to succeed in life, such as teamwork and cooperation.

Our Chapter

We have 110 members, out of 135 students enrolled in the agriculture program.

What do we love about CTE?

How has CTE affected your high school years?

"CTE gives me a more hands-on approach to career related opportunities,"

- Senior, Bailey Parish

"I wouldn't be able to graduate if it wasn't for the embedded credit offered by some classes at the LCTC,"

- Senior, Colten Boots

"It's given me a different point of view on learning; it helps me learn more skills in the shop and more life skills that I'll be able to use in my future career,"

- Junior, Trevor Bryant

What are your future plans and how has CTE influenced your future plans?

"I want to become a self-employed agriculturalist. The Ag program definitely helps by giving me hands on experience in a work environment,"

- Senior, Kane Frentzel, Ag student

"After graduation, I plan to go into the culinary field. This class has helped me pursue my dream in becoming a chef. It's taught me things that I couldn't have learned on my own,"

- Senior, Savannah Payne, Culinary student

"When I first started at the LCTC, I had no idea what I wanted to do. But after I started taking the health occupations class, it opened my eyes and made me realize that I wanted to become a nurse. This course helped define my future,"

- Senior, McKenna Lawler, Health Occupations student

Learning to Do,
Doing to Learn,
Earning to Live,
Living to Serve.
