EXPLANATION: ADMISSION OF STUDENTS (District Only Allows Nonresident Students to Enroll or Attend When Required by Law)

Please note: There are two versions of this policy. This version is for districts that DO NOT allow nonresident students to enroll and attend unless required by law.

In the past few years the exceptions to the residency rules for enrollment in public schools have seemed to overwhelm the original rule. For that reason, policies JECA, Admission of Resident Students, and JECB, Admission of Nonresident Students, have slowly blended together. MSBA has combined these policies to avoid confusion and to more clearly set out the legal requirements for attendance.

In addition to combining the two policies, MSBA has addressed the following issues in this new policy:

1. Students Living in K–8 Districts

Section 167.131, RSMo., allows students living in a district that does not maintain a school for all grade levels, such as a K–8 district, to attend a school district in the same or an adjoining county for those missing grade levels. MSBA has added this language to the policy addressing this circumstance. If the district does not have any K–6 or K–8 districts in the same or an adjoining county, the district may remove this language.

2. Transfers from Unaccredited Districts

Two cases from the Missouri Supreme Court have now affirmed that students residing in unaccredited districts may transfer to accredited districts in the same or adjoining counties pursuant to § 167.131, RSMo. MSBA has included language to this effect in this policy. MSBA has also created model procedures outlining how to facilitate these transfers. Districts interested in these procedures should contact the MSBA Policy department.

3. Military

House Bill 159 (2013), § 167.020, RSMo., expanded state statute to allow for enrollment of a student who is placed in the care of another person living in the district because one or both of the student's parents or guardians is deployed by the military. In addition, if the active duty orders expire during the school year, the student may finish the school year in the district in accordance with law.

This is really not new in that existing law requires districts to enroll students who are living in the district for reasons other than purely accessing the district's schools, which would qualify in this circumstance. Nevertheless, MSBA has included this exception on the list.

4. Unusual or Unreasonable Transportation Hardship

Section 167.121, RSMo., allows the Commissioner of Education to assign students to different districts if attendance in the resident district "constitutes an unusual or unreasonable transportation hardship because of natural barriers, travel time or distance." The district of residence must then pay tuition for the student to attend the neighboring school. While this does not happen often, MSBA has included this provision in the policy.

5. Summer School

Section 167.227, RSMo., allows districts to enroll nonresident students for summer school as long as the students are not attending summer school in another district. The district is not required to enroll these students, but if it does it may either collect state aid for the students or require payment of tuition by the parents/guardians or other districts if they so agree. Nonresident students cannot be enrolled in programs paid for solely by federal funds.

6. Process for Removing Students

MSBA has received several calls from districts that have discovered students who were no longer residents of the district or who otherwise did not qualify to attend the district. While it is tempting to remove the student immediately, students have a property right to a public education and should not be removed from school without the district first offering the students and parents/guardians appropriate due process. In *Washington v. Ladue School District Board of Education*, 564 F.Supp. 2d 1059 (E.D. Mo. 2008), the court found that a contested case hearing, a high level of due process that includes a hearing, was owed to a student removed from the district's rolls due to lack of residency.

7. Educational Larceny

Section 167.020, RSMo., makes it a crime to knowingly submit false information regarding residency. This statute also allows schools to file civil actions to recover tuition if a parent/guardian files false information regarding residency. MSBA has

added language to this policy making it clear when the district may seek recourse for false information.

MSBA recommends that copies of this document be routed to the following areas because the content is of particular importance to them. The titles on this list may not match those used by the district. Please forward copies to the district equivalent of the title indicated.

ADMISSION OF RESIDENT STUDENTS

(District Only Allows Nonresident Students to Enroll or Attend When Required by Law)

In general, in order to register/enroll in the Camdenton R-III School District, a student, the parent, legal guardian, military guardian, person acting as a parent or the student shall/must provide proof of legal residency in the district or request a waiver of proof of residency (as outlined below in this policy) and shall/must complete all admission requirements as determined by Board policies, regulations and procedures. Students who do not meet the residency requirements and are not eligible for a waiver of provide proof of residency may only apply for admission in accordance with Board policy JECB in the district will only be admitted without payment of tuition if permitted in this policy or required by law. This district does not allow nonresident students to enroll and attend this district upon payment of tuition unless otherwise required by law.

The Board directs the superintendent or designee to create procedures for enrolling students and for collecting tuition or other payments when applicable and authorized under this policy.

Resident Students

A student is a "resident" student if he or she meets at least one of the following criteria:

1. The student physically resides and is domiciled in the district. The domicile of a minor child shall be the domicile of a parent, military guardian pursuant to a military-issued guardianship or court-appointed legal guardian. A "power of attorney" document alone, except with the exception of a special power of attorney document relevant to the guardianship of a child in the household of an active duty member of the military, is insufficient to satisfy the "court-appointed legal guardian" requirement.
2. The student physically resides in the district for reasons other than obtaining access to the district's schools, regardless of with whom the student is living, and has a waiver of proof of residency on file.
3. ~~The student is otherwise legally entitled to attend school in the district including, but not limited to: a student who is a homeless child; a student attending a school not in the student's district of residence as a participant in an interdistrict transfer program established under a court-ordered desegregation program; a student who is a ward of the state and has been placed in a residential care facility by state officials; a student who has been placed in a residential care facility due to a mental illness or developmental disability; a student attending a school pursuant to §§ 167.121 and 167.151, RSMo.; a student placed in a residential facility by a juvenile court; a student with a disability identified under state eligibility criteria if the student is in the district for reasons other than accessing the district's~~

~~educational program; a student attending a regional or cooperative alternative education program; or a student attending an alternative education program on a contractual basis.~~

- ~~4. The student is a transitioning military student who was enrolled in the Camdenton R-III School District, but is placed in the care of someone other than the student's parent or military or legal guardian who resides in another school district. Such student will be allowed to continue to attend school in the Camdenton R-III School District without payment of tuition. A transitioning military student is a student who is in the process of transferring from one state or school district to another state or school district and was or is currently in the household of an active duty member of the military, including some veterans who are deceased or injured as defined by law.~~

Waiver of Proof of Residency

In cases where a student living in the district wishes to register, but the student does not live with a parent, military guardian or court-appointed guardian in the district **and is not otherwise allowed by law or contractual relationship with another district to attend**, the student, parent, military guardian, legal guardian or person acting as a parent must request a waiver of proof of residency. Waiver of proof of residency ~~may~~**will** only be granted on the basis of hardship or good cause. Good cause shall include situations where the student is living in the district for reasons other than attending school in the district. Under no circumstances shall athletic ability be a valid basis of hardship or good cause for the issuance of a waiver.

The Board delegates to the superintendent or designee the responsibility of bringing to the Board's attention any application for a waiver in which the student is not clearly entitled to attend school in the district. All other applications will be accepted and granted **by the superintendent or designee** on behalf of the Board. Once an application for a waiver has been identified for Board review, the Board shall convene a hearing to consider the request as soon as possible, but no later than 45 days after the receipt of the waiver request, or else the waiver shall be granted. The Board president may appoint a committee of the Board to act in lieu of the Board to consider waiver requests.

Once a waiver of proof of residency has been requested **and the superintendent or designee has determined that attendance is in the best interest of the student**, the student may be permitted to register and attend school until such time as the Board decides to grant or deny the waiver request. If the Board grants the waiver request, the student will be allowed to continue attending school in the district. If the Board denies the waiver request, the student shall not be allowed to continue attending school in the district.

In instances where there is reason to suspect that admission of the student will create an immediate danger to the safety of other students and employees of the district, the superintendent or designee

may convene a hearing within five working days of the registration request to determine whether the student may register.

~~A transitioning military student who is placed in the care of someone other than the student's parent or military or legal guardian who resides within the district will be granted a waiver without a hearing and allowed to attend school in the district without the payment of tuition.~~

Students Otherwise Entitled by Law to Enroll

In accordance with law, students will be enrolled and admitted without going through the waiver process when they:

1. Are considered homeless in accordance with state and federal law (42 U.S.C. § 11431 - 11435; § 167.020, RSMo.).
2. Are attending the district as participants in an interdistrict transfer program established under a court-ordered desegregation program (§ 167.020, RSMo.).
3. Are wards of the state and have been placed in a residential care facility within the district by state officials (§ 167.020, RSMo.).
4. Have been placed in a residential care facility within the district due to a mental illness or developmental disability (§ 167.020, RSMo.).
5. Have been placed in a residential care facility within the district by a juvenile court (§ 167.020, RSMo.).
6. Are assigned to the district by the commissioner of education due to an unusual or unreasonable transportation hardship (§ 167.121, RSMo.). The resident district will pay the tuition.
7. Have been identified as students with disabilities under state eligibility criteria and are in the district for reasons other than accessing the district's educational program (§ 167.020, RSMo.).
8. Have a permanent or temporary home in the district and are orphans, have only one parent living or their parents do not contribute to their support, as long as the students are between the ages of 6 and 20 years old and are unable to pay tuition (§ 167.151, RSMo.).
9. Are children of parents/guardians who pay school taxes on property in the school district but do not live in the district. These students may attend school in the district on a tuition basis

REFERENCE COPY (Version 2)

(§ 167.151, RSMo.). School taxes paid to the school district by the parents/guardians of nonresident students shall be deducted from the tuition charge applicable to the school term or fractional part thereof, concurrent with the calendar year in which the taxes are paid. The deduction will be prorated among the number of students per family attending the district's schools. A tax statement must be submitted to the superintendent or designee before a student will be admitted.

10. Are children of parents/guardians who own real estate of which 80 acres or more are used for agricultural purposes and upon which their residence is situated. These children may attend school, without paying tuition, in any district in which a part of such real estate, contiguous to that upon which their residence is situated, lies, provided that 35 percent of the real estate is located in the district of choice (§ 167.151, RSMo.). Such parents/guardians are required to send notification by June 30 to all school districts involved specifying which district their children will attend, and the children will only attend the district notified for that school year. If notification is not received, such children shall attend the school in which the majority of the parent's/guardian's property lies.
11. Have been placed by the Missouri Department of Mental Health, the Missouri Department of Social Services or by court order in facilities or programs located within the district, even if their domicile is in another district (§ 167.126, RSMo.).

The domicile district of a student is the school district where the child would have been educated if not placed in the facility or program. Each domicile district will pay the Camdenton R-III School District the average sum produced per child by the domicile district's local tax effort. A special school district will pay the average sum produced per child by the local tax efforts of the domiciliary districts. The district may, if such funds are available, receive payment from the Department of Elementary and Secondary Education (DESE) for educational costs that exceed the amount received from the domicile district, state aid and other state funds. In addition, the district may receive payments from DESE in lieu of receiving the local tax effort from the domiciliary district in some situations.

12. Are residing in a Missouri school district that has been declared unaccredited by the Missouri State Board of Education (State Board) and that is located in the same county as the Camdenton R-III School District or an adjoining county (§167.131, RSMo.). The unaccredited district will pay tuition as calculated by the Camdenton R-III School District or the State Board. The Camdenton R-III School District is not responsible for providing transportation.

The Board will annually set tuition for each grade-level grouping in accordance with law. If an unaccredited district disputes the amount of tuition, the Board will submit the dispute to the State Board for resolution.

13. Are living in a district that is located in the same county as the Camdenton R-III School District or an adjoining county if that district does not provide education for all grade levels, such as K–6 or K–8 districts (§ 167.131, RSMo.). The sending district will pay tuition as calculated by the Camdenton R-III School District or the State Board. The Camdenton R-III School District is not responsible for providing transportation.

The Board will annually set tuition for each grade-level grouping in accordance with law. If a sending district disputes the amount of tuition, the Board will submit the dispute to the State Board for resolution.

14. Are placed in the care of another person living in the district because one or both of their parents/guardians are deployed by the military or because of active duty military service. These students will be allowed to attend school in the district without the payment of tuition (§§ 160.2000, 167.020, RSMo.). In addition, if the active duty orders expire during the school year, the students may finish the school year in the district in accordance with law.
15. Were enrolled in the Camdenton R-III School District but, due to the active duty military service of a parent/guardian, are placed in the care of a person who resides in another school district. These students will be allowed to continue to attend school in the Camdenton R-III School District without payment of tuition (§ 160.2000, RSMo.).
16. Attend a private school within the district and are enrolled in the district for the limited purpose of special education identification and the receipt of some special education services when available as mandated by federal special education law (§ 167.020, RSMo.).
17. Have been placed in foster care outside the district if they previously attended the district and are placed in an adjacent district (§ 167.019, RSMo.).
18. Are otherwise required by law to be enrolled and admitted.

Enrollment at the Option of the District

The Board in its discretion may also allow students to enroll and attend under the following circumstances without going through the waiver process. Unless required by law, no student will be enrolled in the Camdenton R-III School District if the enrollment might result in overcrowding, disruption to the educational environment or a financial hardship to the district.

1. The district may enroll and educate nonresident students on a contractual basis with another school district that will pay the tuition or educational expenses (§ 167.020, RSMo.). For example, students may attend a district alternative education program on a contractual basis or as part of a regional or cooperative education program.

REFERENCE COPY (Version 2)

2. The children of nonresident teachers and regular employees may enroll in the district without paying tuition when the resident district is not otherwise liable for tuition (§§ 163.011, 168.151, RSMo.). In accordance with law, these students will be considered resident students for the purpose of determining average daily attendance, and the Board shall not solicit or receive money from a teacher employed by the district for the purpose of paying tuition or any other expenses for the operation of schools.
3. The district may enroll students pursuant to a contractual arrangement that complies with the Enrollment Option Act (§§ 162.1040 - .1059, RSMo.). A nonresident student enrolled pursuant to an enrollment option program shall be counted as a resident student for the purposes of determining state aid.
4. In accordance with law, the district may enroll nonresident students in its summer school program if there is room in the district's program to accommodate the students and the students are not attending summer school in another district (§ 167.227, RSMo.). The district will either count the students as residents for state aid purposes or allow them to attend upon payment of tuition by another district or the parents/guardians.

The district will not enroll nonresident students in summer programs funded entirely by federal funds unless there is an interdistrict agreement to provide those services.
5. Foreign exchange students living within the boundaries of the school district who have obtained a J-1 visa and who are sponsored by an organization listed on the Council on Standards for International Educational Travel (CSIET) Advisory List will be allowed to enroll in the school district. Such enrollment will be conditioned upon approval of the superintendent and in accordance with procedures set forth by the superintendent or designee. The Board of Education reserves the right to limit the number of foreign exchange students enrolled in a given year. Attendance by foreign exchange students is a privilege, not a right.
6. Children residing in institutions located within the district that provide a place of residence for three or more such children whose domicile is not in the state of Missouri may be admitted pursuant to a contractual arrangement, provided that the school district, its taxpayers, the state of Missouri or its political subdivisions bear no financial burden as a result of the placement (§ 167.126, RSMo.).

Tuition

This district does not allow nonresident students to enroll and attend the district upon payment of tuition unless otherwise required by law. However, when the law requires enrollment of nonresident students on a tuition basis, the amount of tuition will be determined by the Camdenton R-III School District or the State Board, in accordance with law.

Removal of Students Ineligible to Attend

The superintendent or designee will investigate any information the district receives indicating that a student is not a resident of the district or not otherwise entitled to attend the district in accordance with law or this policy. If the superintendent or designee determines after the investigation that the student is not a resident of the district and is not otherwise entitled to enroll in and attend the district in accordance with law and the district's policy, the district will notify the student's parents/guardians, ask them to withdraw the student by a specific date, and offer the parents/guardians a hearing. If the parents/guardians do not request a hearing by the specified deadline and do not withdraw the student, the district will formally remove the student from its rolls and notify the parents/guardians that the student may no longer attend school in the district.

Educational Larceny

It is a crime to provide the district false information regarding residency. The Board authorizes the superintendent or designee to seek all criminal and civil recourse against any person who attempts to fraudulently assert residency in the district.
