

Insurance Safety Inspection Summary

Oak Ridge:

1. Need to move fire suppression over black stove or return black stove to original position in the kitchen.

Osage Beach:

1. All three playgrounds need additional pea gravel due to all the rain. Lower playground has concrete footings of some playground equipment showing in two places which are both hazardous, injury-prone areas.

High School:

1. Large number of emergency lights and exit lights not operational.
2. Kerosene found in science lab in a gasoline container.
3. Safety tape needed around two storage area electrical panels.

Middle School:

1. Large number of emergency lights and exit lights not operational.
2. Many microwaves and refrigerators were plugged into power strips instead of the wall as required by local fire department. Candle warmer and toasters were removed.
3. No one had a key to obtain access to the boiler and mechanical rooms.

Dogwood:

1. Eight emergency/exit lights not operational.
2. Two swings need to be replaced on playground.
3. Need to order chain ladder replacement parts for playground equipment.

Hawthorn:

1. Six emergency/exit lights are not operational.
2. Five interior rooms should have emergency lighting units installed.

Hurricane Deck:

1. Work order submitted to remove spring-operated playground animals from the playground.
2. Work order to be submitted for 4 additional exit signs.

Horizons:

1. Parking lot needs to be re-sealed and re-striped.
2. Green door release button needs to be within five feet of the door, per the Fire Marshal.

LCTC:

1. One exit sign and one emergency light were not operational.
2. Electrical panel door needs to be re-installed in the kitchen.

Bus Barn:

1. Work order to be submitted for exit sign.
2. Parking lot needs to be graded with additional gravel added, along with a dust inhibitor.

Maintenance Facility:

1. No concerns

Central Office:

1. No concerns
